

Going to Church

first you will see the coffee and hot coco bar, we can talk with people or just high five.

We go to the Worship center, where we sit with our family

We will sing songs, pray then the younger kids will be dismissed to kids' room.

The speaker will give the message, during this time you can use your fidgets/ busy bag because we have to be quiet during this time.

After the message we will do communion, where we take a piece of bread and dip it into the juice, then pray and eat.

We will sing one more song and have announcements then we can leave.
